REVENUE.

Proceedings of the Government of Mysore.

No. 19679-86—R. F. 57-94, DATED BANGALORE, 3RD MAY 1895.

ORDER.—The attention of the Deputy Commissioners of Districts (except Kadur) is drawn to Regulation No. IV of 1890 and the Rules framed thereunder and issued in Government Notification No. D. 70 A,* dated 4th January 1892, and also to the Government Proceedings marginally noted, placing at their disposal a sum of Rs. 31,000 for advances under the said Regulation. As no money has been advanced in many of the Districts, it is possible that full publicity has not been given to the beneficent intentions of Government and the help which is available to agricultural raiyats. The Deputy Commissioners are therefore requested to satisfy themselves that it is not from ignorance that application is not made under these Rules.

Docket No. 3765—1232, dated 13th April 1895, from the Deputy Commissioner, Kolar District, soliciting sanction to the appropriation for cultivation purposes of the land described in the margin, in the Balakuntchalli village, Kasaba Hobli, Chikballapur Taluk.

No. 19835-43—R. F. 2-94, DATED BANGALORE, 6TH MAY 1895.

ORDER THEREON.—Sanctioned. The land in question will be disposed of under the Darkhast Rules, the assessment leviable thereon being fixed in communication with the Superintendent of Revenue Survey in Mysore.

2. Naga's Darkhast for the land in question is dated 10th May 1892. In December 1892 the Shekdar reported that 3 Acres 29 Guntas of the land had been cultivated and recommended the grant of the land on temporary kandayam for the year 1892-93. The recommendation was sanctioned by the Amildar. In August 1893 the Shekdar again reported that the land might be granted on kayam kandayam. Nothing was settled and in May 1894 the Darkhastdar represented that he had paid kandayam on 3 Acres 29 Guntas for 2 years and taken the crop, that in the Jamabandi of 1894-95, he was told not to cultivate the land, that he had improved the land by manuring it and that it might be confirmed to him. The Amildar's first report to the Deputy Commissioner on the subject is dated 15th February 1895. The laxity and irregularity of procedure adopted and the delay that has occurred are not creditable to the Amildar. At the very beginning it should have been ascertained whether the land had not been unauthorizedly cultivated before the presentation and acceptance of the Darkhast. The land should not have been granted for temporary cultivation without the sanction of Government. In the absence of proper demarcation there was ample room for the Darkhastdar to cultivate more land and pay less kandayam. In this connection the conduct of Shekdar Venkatachallaiya would appear to call for minute investigation by the Deputy Commissioner.

3. If all Darkhasts for land be regularly entered in the Darkhast File and if the District Jamabandi Officer check the Darkhast File during the Jamabandi time, all such delays and irregularities would come to light and result in the better and more prompt disposal of Darkhasts, which is certainly desirable alike in the interests of the Government and the Raiyat.

READ :—

Letter No. 804—706, dated 21st April 1895, from the Deputy Commissioner of the Chitaldrug District, to the Chief Secretary to the Government of Mysore.

I have the hon.or to submit that in my humble opinion, Rule XX of the Mysore Land Revenue Rules requires certain modifications in the manner hereinafter mentioned.

2. Para 26 of this Rule refers only to appeals and not to revision also. But Chapter XIII of the Code quoted therein relates both to appeals and to proceedings in revision. The Deputy Commissioner is empowered by Section 217 to call for records and to pass such orders as he deems fit. His interference is thus as legal and necessary in revision as in appeal. I would therefore insert after "appeals" and before "if any," the words "or revision proceedings."

3. Para 27 requires a somewhat similar treatment. Otherwise the prudency of a revision proceeding would be no bar to the registry being effected in the name of the applicant or purchaser. To remedy this defect, I beg to propose the insertion of the following sentence at the end of this para :—"Likewise when the record of any grant or sale has been called for under the provisions of Section 217 of the Code, the registry should be postponed pending the result of the examination of such record."

4. Para 29 seems unnecessary and I therefore beg to propose its removal. The prudency of an appeal, much less of a revision proceeding, does not prevent an applicant or purchaser from being at once put in possession. The registry alone is deferred but not the delivery of possession as well. The result is that in all cases in which the Amildar is himself competent to grant an application or to confirm a sale, permission to enter upon the land is given without waiting for orders from the appellate or revising authority. In other words, in the majority of cases the applicant is put in possession before an appeal or revision proceeding could be admitted or disposed of. In such cases, the Deputy Commissioner may cancel the grant of sale but he cannot go further and pass final orders regarding the disposal of the land. A reference to Government in every such case is indispensable. Whenever possession has not been given the correction of irregularities or the redress of grievances would be prompt and easy. But not so in cases in which there has been a delivery of possession. One of two or more rival applicants may have been improperly preferred; or a land which ought to have been sold may have been given away without a sale either for an upset price or for the mere asking; or a sale might be impugned on the ground of material irregularity; or there might be special circumstances which render a grant or sale peculiarly hard upon all the villagers generally or upon one or more of them in particular. In these and other similar cases irrespective of the question of possession the Deputy Commissioner ought to be able to at once cancel the grant or order the land to be resold or otherwise disposed of. But the law as it stands holds otherwise. His disapproval and cancelment of the grant notwithstanding, the Deputy Commissioner is obliged to suffer the improper possession of the applicant or purchaser to continue pending the result of a reference to Government. But it is only in rare and exceptional cases that the Deputy Commissioner would feel disposed to trouble the Government with such a reference. In other cases though the grant or sale may not be unassailable, there would naturally be a disinclination on his part to interfere. If a man does not take possession, his grant is easily revocable, but if he enters upon possession the safety of his title under an improper grant is almost ensured. Such a difference is in my opinion undesirable. Then again, the delay which must necessarily arise by having to submit every such case for the orders of Government would often place the applicant or purchaser at a great disadvantage. After taking possession, he cannot long be expected to suffer the land to remain idle. He has to pay the assessment fixed for it and he therefore proceeds after a reasonable time to spend labor and money on it so as to bring it under cultivation. If subsequently the Government, in accordance with the recommendation of the Deputy Commissioner directs the disturbance of such possession, the consequence would be a loss to the person concerned. All such inconveniences would be minimized by the abrogation of the Rule which makes a reference to Government indispensable. It is a matter for consideration whether the head of a District cannot safely be entrusted with the comparatively small power of himself dealing with such matters. Under para 26 the grant by the Amildar is conditional and not absolute. A man taking possession under such a provisional grant, takes it subject to the liability of being dispossessed in the event of the grant being cancelled by the appellate or revisional authority. If aggrieved by the Deputy Commissioner's order, he has the right of either appealing to Government or of invoking its interference in revision. There is thus no useful object to be gained by the retention of a Rule which is sometimes prejudicial to the very person for whose benefit it is intended while at other times it either retards or frustrates the redress of grievances.

No. 19821-32—R. 2851, DATED, BANGALORE, 6TH MAY 1895.

ORDER THEREON.—Ordered that copies of the foregoing letter be forwarded to the Deputy Commissioners of other Districts and Sub-Division Officers for opinion on the suggestions made by the Deputy Commissioner, Chitaldrug District.

Correspondence ending with letter No. 469, dated 29th January 1895, from the Deputy Commissioner, Kadur District, submitting for sanction a refund bill for Rs. 42, payable to Mr. Scott of the Kallakki Estate, Mudgere Taluk.

No. 19931-9—R. 2856, DATED, BANGALORE, 6TH MAY 1895.

ORDER THEREON.—The facts of the case are :—

At the coffee settlement of 1881-82, Survey No. 91 of the Heggodlu village, Mudgere Taluk, was disposed of as follows :—

Khatedar.	Extent.	Assessment.
	A. g.	Rs. a. p.
Timmegauda and others	6 21	3 0 0
Government waste	5 0	2 8 0
Total for the entire No. ...	11 21	5 8 0

(2) In 1885-86, the occupied portion—6 acres, 21 guntas—was by Rajikabuli transferred to the Khate of Puttammi Heggadati. A re-survey was ordered, as part of the number was Government waste. During re-survey the number was broken up into :—

	Total extent.	Phutkharab.	Culturable.	Assessment.
	A. g.	A. g.	A. g.	Rs. a. p.
Original No. 91 ...	7 15	0 21	6 34	7 0 0
New No. 131	4 6	0 0	4 6	Waste

and No. 91 now assessed at Rs. 7 entered in the Khate of Puttammi for the year 1886-87, No. 131 being treated as Government waste.

(3) On the application of Mr. Ganesa Rao, Survey No. 131 was sold in public auction on 25th November 1890 and purchased by Mr. Scott for Rs. 42.

(4) In the Mutchalika obtained from Mr. Scott, he is required not to interfere with the "Chandi Bana", "Garuda Gamba", "Brahmadevanakatte," &c., existing on No. 131, and the Deputy Commissioner confirmed the sale, reserving to Government the extent occupied by the Chandi Bana, &c.

(5) In May 1892, Puttammi complained that she had been directed by the Shekdar and the Shanbhog not to enter upon her land as it had been sold to Mr. Scott. Further enquiry into the matter showed that :—

(*a*) the land sold as No. 131 following the corrections made in the old map of the village was in reality the original No. 91 according to the new map of 1886.

(*b*) Puttammi was, according to the new map, in the enjoyment of No. 131, while 91 had been entered in her Khate ; and

(*c*) the Chandi Bana, &c., were in No. 91 (new map).

(6) Mr. Scott when required to take No. 91, replied that if he could not get No. 131 (held by Puttammi) the purchase money paid by him might be returned.

2. Under these circumstances, the Deputy Commissioner, submits a refund bill for Rs. 42 which is sanctioned and transmitted to the Comptroller for audit.

3. In connection with this case the Government notice the irregularities mentioned below which with a little care could and ought to have been avoided :—

(1) Puttammi's Khate prepared in accordance with the re-survey settlement of 1886, shows the larger No. 91, while she is in the enjoyment of the smaller No. 131, which is treated in the accounts as Government waste. If the Pahani had been done properly year after year by

the Shanbhog and other officials who had to conduct the annual jamabandi, the number in actual enjoyment could easily have been discovered and the necessary rectification of accounts brought about in due course.

(2) If the Sheristedar (now dead) who held the sale had inspected the land with the new map of 1886 in hand, he could at once have found out that the Chandi Bana, &c., were in No. 91. It is the duty of Revenue officers conducting sales of land to inspect beforehand the land concerned, and in doing so, they should invariably use the latest map. Old maps should never be used unless the subsequent corrections have been made and certified to by a responsible officer.

4. In the case under notice, the Deputy Commissioner is requested to take the necessary steps for rectifying the accounts.

Offg. Chief Secretary.

READ :—

Letter No. 899, dated 16th April 1895, from the Deputy Commissioner, Tumkur District, submitting for sanction a refund bill for Rs. 20 in favor of one Bellur Rangaiyengar.

No. 20309-17—R. F. 11-94, DATED, BANGALORE, 10TH MAY 1895.

ORDER THEREON—Rangaiyengar applied for Survey No. 48 in the Nagalapur village, Turvekere Sub-Taluk. The land was put up for sale on the ground that it contained trees, but none came forward to bid for it. It was then given to the applicant for a price of Rs. 20. The money was paid and credited in the Tiptur Taluk Treasury. Before giving possession of the land, it was found that the land had been reserved as a Toddy grove, and the Deputy Commissioner now submits a refund bill for paying back the purchase money.

2. Lands reserved for a special purpose ought to have been specially mentioned in the *Khetwar Patrike*, and the instance now brought to notice raises reasonable doubts as to whether this important register has been properly written up in all the taluks of this district. It is hoped the Deputy Commissioner will soon satisfy himself that lands reserved for toddy topes have been all so entered in this register and do not run the risk of being given away for cultivation. If the fact of the reservation of the land for the purpose of Abkary Revenue had been noted in the *Khetwar Patrike*, and the register had been referred to when the Darkhast was received, the Deputy Amildar would have found that the land could not be given out for cultivation and would have saved himself and the public the farce of going through a fictitious sale. The Deputy Amildar's conduct betrays gross negligence and the Deputy Commissioner will have the village accounts and other records of this Sub-Taluk properly examined by a competent Assistant Commissioner and their condition reported upon.

3. The refund bill is sanctioned and transmitted to the Comptroller for audit.

Offg. Chief Secretary.

Correspondence ending with letter No. 157, dated 15th September 1894, from the Deputy Commissioner, Kadur District, in the matter of the resignation of certain lands out of those allowed as Jodi Inam for the maintenance of the Chattram built by Amildar Narasanna at Birur.

No. 20525—R. F. 111-92, DATED, BANGALORE, 11TH MAY 1895.

ORDER THEREON.—In Government Proceedings No. 2131-3—R. F. 111-92, dated 10th August 1892, the Jari amount to be allowed for the Chattram was, as indicated in the margin, fixed at Rs. 168-3-9. Owing to the difficulties of irrigation, Inamdar Narasanna solicited permission to resign lands bearing an assessment of Rs. 88, the Jari amount remaining unaltered. In granting the permission, the Deputy Commissioner was required to report further regarding the future Jodi to be collected from the Inamdar.

Full assessment of the lands inclusive of merged Irrigation Cess.	Minus merged Irrigation Cess payable to Government.	Balance land assessment proper.	Further deduct Jodi payable to Government.	Remainder Jari Inam.

2. The value of Jari Inamti is the most essential factor, and that has been decided to be Rs. 168-3-9. Whatever is a levy above this must be deducted. If Narasanna resigns a large portion of the lands and wants the same Jari Inamti, the Jodi has to be materially reduced. The Deputy Commissioner states that the lands resigned are not profitable. Having regard to the charitable character of the endowment, the resignation was properly accepted and the Jodi amount reduced. The balance which the Inamdar has to pay is Rs. 29-6-7 as recommended by the Deputy Commissioner in addition to the Irrigation Cess of Rs. 12-5-8 as per calculations noted below:—

	Full assessment inclusive of Irrigation Cess.	Minus merged Irrigation Cess payable to Government by Narasanna.	Balance assessment proper.	Further deduct Jodi payable to Government by Narasanna.	Remainder Jari Inam.

Correspondence ending with letter No. 855, dated 6th April 1895, from the Deputy Commissioner, Tumkur District, submitting for sanction a revised refund bill for Rs. 13-8-0 in favor of one Jainer Naganna of Heggere village, Tumkur Taluk.

No. 20857-9—R. F. 11-94, DATED, BANGALORE, 14TH MAY 1895.

ORDER THEREON.—In 1888-89, Naganna obtained wet land, Survey No. 123, measuring A. 7—G. 20 and assessed at Rs. 38-0-0, in the Heggere village and paid the kandayam thereof for the year. In the following year he complained that the extent of the land was not as much as the accounts showed, and prayed for its remeasurement and also for the refund of the excess amount paid by him for the previous year. Accordingly the land was measured and was found to be only five acres in extent. On a reference to the Survey Department, the assessment on the excess extent of A. 2—G. 20, *viz.*, Rs. 12-0-0 was struck off and a corrected Akarband issued.

2. The Deputy Commissioner submits a revised bill for Rs. 13-8-0, being the excess kandayam with the Local and Irrigation cesses levied from Naganna for 1888-89. The refund is sanctioned and the bill passed on to the Comptroller for audit.

3. No refund should have been proposed before ascertaining correct figures from the Survey Department.

2. The undermentioned taluks have a large number of darkhasts pending disposal, and some of them are more than a year old.

3. It is an unsatisfactory feature that many darkhasts dating from 1888 are still pending disposal in the Shimoga District. The usual remarks such as "pending reports from the Shekdar," "awaiting report from the Karkun," "pending orders from the District office," &c, &c., entered against these numbers are not calculated to account for the delay in an acceptable manner. The Deputy Commissioner is requested to deal promptly with these darkhasts and to ensure their speedy disposal by the officers concerned. Any gross neglect on the part of Amildars in this important work should be adequately noticed.

4. Government observe that there has been a great want of punctuality in the submission of these quarterly statements. The returns of the Hassan District for the two quarters ended September and December 1894 have not yet been received in this office in spite of the several reminders issued as noted in the margin. Such laxity and delay should be avoided, and the returns in future submitted so as to reach this office on or before the 20th of the month following the quarter to which they relate. The Hassan Deputy Commissioner will hasten to send his returns with such explanation as it is possible for him to give of this long and objectionable delay which he has allowed to occur in this matter.

ORDER THEREON.—The total amount of Revenue Deposits in the several Treasuries of the Province was, at the end of the quarter above named Rs. 4,59,860 as particularized below:—

2. The Hassan, Mysore, Kolar, Bangalore and Kadur Districts, show deposits which are alike old and heavy. It is desirable that the Deputy Commissioners and

Treasury Officers of these Districts should carefully scrutinize the old items and adjust them promptly.

3. Under instructions conveyed in Comptroller's Circular No. 1813, dated 18th May 1894, the following items should have been credited to Government as they had been in deposit unclaimed longer than the time therein prescribed. These, if still in deposit, should now be credited to Government :—

Docket No. 3663—1213, dated 9th April 1895, from the Deputy Commissioner, Kolar District, soliciting sanction to the appropriation for cultivation purposes, of the land described in the margin in the Kanaganakalapalli village, Kasba Hobli, Srinivaspur Sub-Taluk, and stating that the villagers have no objection to the grant of the land applied for.

Survey No 21 ...	4	0

No. 21520-8—R. F. 2-94, DATED, BANGALORE, 23RD MAY 1895.

ORDER THEREON.—The sanction is refused.

2. The Darkhast is dated 4th May 1892. It was forwarded to the shekdar on the same day for report. In the shekdar's report which was received after a delay of more than sixteen months, it was mentioned that the Darkhastdar had cultivated the land. He did so for the year 1893-94 also, and kandayem was taken from him for these two years. There is no information as to how this unauthorized appropriation was dealt with and whether it was brought to the Jamabandi Officer's notice at all. In December 1893, the Deputy Amildar directed that the Darkhastdar should be told to quit the land. The Darkhastdar represented that he had improved the land and that it should be given to him. Thereupon, in July 1894, the Deputy Amildar refused the Darkhast on the ground that the gomal allowed was hardly sufficient for the village cattle. The Darkhastdar appealed to the Deputy Commissioner, who called for the usual statement for submission to the Government. The proper statement not having been received, it had to be called for again. It was at last submitted in October 1894. After a delay of more than four months in the Deputy Commissioner's office, it was found out that the statement did not contain the necessary remarks and the last amended report of the Amildar was thus obtained only in March 1895.

3. These facts show great delay and laxity of procedure. The gomal land ought not to have been allowed to be cultivated without the orders of Government. No special circumstances have been mentioned in favor of the trespasser who, instead of being punished for his wilful violation of the Revenue Rules, has been recommended to obtain the land which he has kept in his possession without any authority.

Government cannot sanction an act by which an undesirable precedent will be created in favor of such wrong doers and the recommendation of the Deputy Commissioner is therefore refused. He will evict the person in wrongful possession of the land and deal with his conduct under the Revenue Rules.

No. 21348-57—R. 3062, DATED, BANGALORE, 23RD MAY 1895.

ORDER THEREON.—The Deputy Commissioner reports that Mr. Hood has applied for the marginally noted lands. These form part of an Amrut Mahal Kaval and are also partly situated within the limits of the Huliyurdurga State Forests. The Forest Department is unwilling to part with any of its land, while the Amrut Mahal Officer has no objection to the portion of Survey No. 551 belonging to his Department being granted to Mr. Hood. It is also reported that the raiyats are likely to bid for these lands if sold, and take them on full assessment.

Part of Survey No. 551

2. Under such circumstances Government direct that land which the Amrut Mahal Department is willing to resign should be sold subject to present settlement. As regards land revenue, no reduced assessment for coffee land can be introduced into the Maidan parts of the Province.

(2) Also Letter No. 1905—441, dated 16th November 1894, from the Deputy Commissioner of the Kolar District, regarding the grant of certain land partly within half a mile of the Malur Station.

No. 22293-300—R. F. 215-92, DATED BANGALORE, 31ST MAY 1895.

ORDER THEREON.—The Deputy Commissioners of Chitaldrug and Kolar solicit sanction to the grant for cultivation purposes of the marginally noted lands situated within half a mile of the boundary of the Railway Stations at Saslu, Chickjajur, and Malur.

1 Survey No. 11 (dry) of Mithagadur village, Holalkere Taluk.
2 Survey No. 50 (bagayet) of Chickjajur, Holalkere Taluk.
3 Six acres out of Survey No. 268 of Kasba Malur, Kolar District.

2. In the first of the cases referred to, the Shanbhog has certified at foot of the Darkhast that there is no objection to the grant of the land for cultivation, and his report that the land is within half a mile of the Railway Station at Saslu appears to have been received after the Malki sale had been held. Such a state of things leads the Government to infer that either the lands situated within half a mile of the boundary of each Railway Station have not been marked on the village maps and in the Khetwar, or that the Shanbhog omitted to refer to the village accounts before attaching his certificate to the Darkhast.

3. The Deputy Commissioners of Districts through which any Railway line passes are therefore requested to report as early as practicable, whether such lands have been marked in the village maps and Khetwars, and send copies of the village maps concerned as required by Proceedings No. 2782-92—R. F. 215-92, dated 14th August 1894.

4. In the cases under reference there is no reason to grant the lands referred to for cultivation. The sale of lands in cases Nos. 1 and 2 must therefore be cancelled and the amount refunded to the parties concerned.

2 *Land Revenue including Casual Land Revenue*:—Under this head, the falling off of Rs. 20,316, 11,183, and 5,047 under current demand in the Bangalore, Shimoga and Tumkur Districts, respectively, as noted in the margin, requires explanation. The balances remaining uncollected in the Districts of Shimoga, Kadur and Tumkur are more than what they should have been on a comparison of the total demand to be realized during the current year with the corresponding figures of last year.

Difference ...	—20,316	—11,183	—5,047

3. *Sayer.*—Calls for no special remark except that the balance of Rs. 1,452 in the Shimoga District should be collected early.

4. *Mohatarfa.*—The balances of Rs. 14,100 and 11,684 remaining uncollected in the Mysore and Kolar Districts respectively call for the early attention of the Deputy Commissioners.

5. *Miscellaneous.*—The arrears of Rs. 10,784 outstanding in the Shimoga District are mostly on account of interest. These should be collected without delay or otherwise adjusted, if there are any irrecoverable items included in this balance.

The following letters from the Deputy Commissioners of Districts submitting, with reference to Government Proceedings No. 36852-98, dated 17th September 1887, statements and reports regarding the grant, on favorable terms, of Government lands for garden cultivation during the year 1893-94 :—

No. 21658-66—R. F. 182-92, DATED, BANGALORE, 27TH MAY 1895.

ORDER THEREON.—The accompanying statements (marked A and B) show the particulars of lands granted for garden cultivation on shraya tenure and of temporary remissions sanctioned in the case of assessed garden lands under Government Notification No. 121, dated 17th September 1887, during the year 1893-94. According to these statements the area of unassessed Government land granted during the year was Malnad—33, Maidan—4 as against Malnad—50, Maidan—112 in 1892-93, while the assessed land given on partial remission was 71 acres against 187 in the previous year.

2. The Deputy Commissioner of Shimoga should have cited the orders of Government for grant of lands under Rule 8. He is now requested to do so as regards the two cases given in the margin.

1. Grant of land measuring 1 acre and 7 guntas in the Sagar Taluk for a term of fifteen years.

2. Grant of land measuring 2 acres and 14 guntas in the Nagar Taluk for a term of twelve years.

3. No lands were taken up under these rules in the Districts of Bangalore, Kolar, Hassan and Chitaldrug during the year. The Deputy Commissioner of Mysore alone says that the cause is the want of land fit for garden cultivation. The other Deputy Commissioners do not give any explanation, and it is hoped that it is not the want of publicity of the rules which has led to this result.

Government Proceedings No. 19052-9—R. 2745, dated 29th April 1895, reviewing the Returns of estimated Jamabandi under the head Land Revenue for the year 1894-95.

No. 22306-13—R. 3250, DATED BANGALORE, 31ST MAY 1895.

ORDER THEREON.—The accompanying statement prepared in this office shows the estimated Jamabandi under the heads "Mohatarfa," "Sayer" and "Salt" for the year 1894-95, as compared with the actual demand for the preceding year 1893-94.

2. *Mohatarfa.*—Except Tumkur and Mysore, there has been a general falling off in the remaining Districts, resulting in a net decrease of Rs. 7,000 for the whole Province. In the statements received from Districts the reasons for increase and decrease are not given. This should be invariably done in the future returns.

3. *Sayer.*—Under this head an increase of Rs. 15,192 is expected for the whole Province, but the decrease in the marginally noted Taluks requires explanation.

Chiknayakanhalli ...	2,426
Hiriyur ...	243

4. *Salt.*—The total falling off amounts to Rs. 5,929. The decrease in the Taluks of Kolar, Tiptur, Kadur, Chitaldroog and Challakere is large and ranges between Rs. 492 and Rs. 1,889. The reason for this decrease also should have been stated.

M. NARAIN RAO,
Under-Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Government of Mysore.

READ :—

Letter No. 2531—136, dated 31st January 1895, from the Inspector General of Forests, reporting the results of the sandalwood sales held in the several Kothies of the Province in November and December 1894.

Letter No. 2953—208, dated 16th March 1895, from the Inspector General of Forests, submitting a statement of the rates of prices obtained for the various assortments of sandalwood in the past and present official years.

Demi official letter from the General Secretary to the Inspector General of Forests, dated 24th April 1895.

Demi official letter from the Inspector General of Forests, dated 26th April 1895.

Memorandum submitted by the same, dated 27th April 1895, as follows:—

In No. 222, dated the 25th February 1875, Government of India in the Department of Revenue, Agriculture and Commerce, restricted the cuttings of sandalwood to 500 tons of *growing trees* annually, no limit being placed upon the collection of *dead and decaying* wood and the *digging out* of roots.

In letter dated the 24th April 1878, No. 449 F. (*vide* Chief Commissioner's printed Proceedings No. 1895-1906—R. F. 284, dated 17th September 1878), Government of India sanctioned an extraordinary cutting of 1,000 tons of mature wood. Since 1878-79, the following collection and sales of assorted wood have been effected each year :—

Year.	Collection in Tons.	Sale in Tons.
1878-79	1,047¼	1,080
1879-80	1,377	1,396½
1880-81	1,718½	1,653
1881-82	2,150¼	1,852¾
1882-83	2,245¾	1,785¼
1883-84	1,868	1,937
1884-85	2,046	1,361¼
1885-86	1,288¾	2,044
1886-87	1,619¾	2,035¼
1887-88	2,505¼	2,261½
1888-89	2,207	1,862¼
1889-90	1,807	2,348¼
1890-91	2,891¼	2,595¼
1891-92	2,665	2,439¼
1892-93	2,456¾	1,982¼

3. The increased collection is chiefly owing to systematic collection of mature, dead and decaying wood within five miles of the frontier in the Shimoga District to prevent smuggling.

4. It must be noted that the limit of 500 tons of growing trees, as restricted to by the Government of India, has been scarcely exceeded, as only *dry, dead* and *decaying* trees are generally felled and green mature trees only occasionally, as is evident from the large percentage of hollow wood, "Jaj pokal" being sold year after year. In some Districts, only the accessible parts of Sandal tracts have hitherto been worked, the more distant localities not being touched, owing to extra labor and cost. Hereafter, such distant inaccessible localities have to be tapped, the collection and sale may somewhat be curtailed, owing to increased cost which it involves. We have at present eight Kothies in the following Districts :—

	Number.
Bangalore	1
Mysore	2
Hassan	1
Shimoga	3
Kadur	1
	8

At the rate of 250 tons to each Kothi, more or less, the collection and sale may safely be limited to 2,000 tons a year; but for the next official year, this quantity will be exceeded owing to rough, stock and assorted wood on hand at the several Kothies.

5. It has to be observed that prior to the Rendition and a few years afterwards, little or nothing was done in the way of artificial reproduction of sandalwood, whereas now such artificial reproduction is carried out yearly and systematically on a considerable scale, and on the whole successfully. Further, the conservancy of sandal trees is more strictly attended to than before, even to the extent of forming numerous sandal reserves, not only in places where artificial reproduction is attended to, but also in localities where the natural reproduction is promising.

No. 19339-47—R. 2781, DATED, BANGALOE, 3RD MAY 1895.

ORDER THEREON.—The total quantity of sandal of all classes which was disposed of in the sales under report amounted to tons. 1,792, cwts. 13, lbs. 9, and the sum realized therefor was Rs. 6,74,598-11-2. These results compare unfavorably with those of the year before, in which tons. 2,195, cwts. 18, lbs. 26 were sold for Rs. 9,15,293-4-3. The causes which contributed to the deficit are stated to be the abrupt fluctuations in exchange and the consequent unsteadiness of the money-market, and the war between China and Japan. The amount of the fragrant wood remaining in stock unsold at the several Kothies is stated to be 547½ tons.

2. In para 2 of the Inspector General's memorandum aforesaid, the quantities collected and sold each year since 1878-79 are given. But there is nothing in these returns to show what proportion of the sandal realized each year was obtained from green mature trees, and how much represented dead and decayed wood. This distinction is necessary in order to judge how far the instructions of the Government of India noted in the margin have been kept in view in the annual laying in of stock. For, the Government* have deprecated the unnecessary accumulation of large deposits of sandal, thereby running the risk on the one hand of thefts and driage and deterioration in the various storehouses, and on the other of injuriously trenching upon the future resources of the country from this most valuable item. The normal quantity authorized to be obtained from green mature trees was 500 tons annually, but in 1878-79, an additional amount of 1,000 tons. was specially sanctioned. No limit has, however, been placed on the dead and decaying wood to be collected and sold.

Chief Commissioner's Order No. 3667—R. T. 539, dated 16th February 1878.
Ditto No. 1895-1906—R. F. 284, dated 17th September 1878.
* From the Govt. of India, Rev. and Agricultural, No. 1576 F., dated 28th November 1877.

3. The Inspector General of Forests is accordingly requested to differentiate in his present and future returns on the subject between the wood obtained from green mature trees felled and that derived from other sources, and the Government would be glad to have a similar statement since 1881 (the year of Rendition) giving the required information, so as to confirm the assurance made by Mr. Ricketts, that the sandalwood operations have been so carried on as not to diminish its capital value.

4. Under the orders of the Government of India, an enumeration of sandal trees in four classes was directed to be made, in order to determine the annual outturn to be offered for sale. As the Forest Department did not make satsifactory progress in this work, the co-operation of the Revenue Department was also be spoken. But there is nothing on record to show whether this important operation has been undertaken and successfully carried through. The Inspector General of Forests is requested to submit an early report in the matter.

5. In the last para of the Inspector General's memorandum read above, allusion is made to the measures that have been largely adopted since the Rendition for the artificial reproduction of sandalwood in various localities in the Province. There is apparently no connected account of such plantations and as the Government are not in possession of precise data on the subject, the Inspector General is requested to submit at an early date a detailed return showing the situation, locality, area, &c., of the artificial sandal plantations, as well as the approximate age and size of the sandal trees therein standing.

6. With regard to the localities from which the sandalwood has been hitherto collected, Mr. Ricketts, explains in paras 3 and 4 of his memorandum prefixed to this order that his operations were hitherto chiefly confined to a zone of 5 miles within the frontier line in Shimoga, in order to prevent smuggling, and that hereafter, the inaccessible and distant forests and preserves will have to be tapped for future supplies, possibly resulting in a falling off, on account of the distances, inaccessibility and cost. Bearing in mind the difficulty and consequent money loss attendant on working out in amani such distant and inaccessible jungly quarters, the Government would wish the Inspector General to take into his early consideration the advantages of giving the collections in such specified tracts on contract. In order however to prevent indiscriminate destruction, and to ensure strict compliance with departmental instructions as regards felling, &c. a responsible subordinate officer of the Department may mark out the trees mature enough for felling, and the

contractor should be required to deal with only such trees, on pain of preventive penalties to be particularized in his contract bond. The dead and decayed wood and roots would of course be provided for separately according to estimates carefully made after due inspection by responsible Forest Officers, and settlement of definite working plans.

7. An early report on the subject is requested.

2. Demi-official communication from ditto dated the 3rd May 1895, stating that for the present, the existing rates may be increased by only 2 annas per cubic foot, as recommended by the Deputy Commissioner and District Forest Officer of Mysore.

ORDER THEREON.—Under the circumstances represented, the Government are pleased to sanction the existing rates being for the present enhanced by 2 annas per cubic foot all round. The draft notification will be corrected and published in the Mysore Gazette.

Letter No. 3389—254, dated 19th April 1895, from the Inspector General of Forests in Mysore, suggesting the deputation of Mr. Assistant Conservator Muttappa on special duty for systematizing the classification and preparation of the sandalwood in the several kothis of the Province, and recommending that a special allowance of Rs. 50 be allowed him for the work, and that Mutsaddi Ramachandra Rao be attached to him on a special salary of Rs. 40 plus travelling allowance.

No. 20670-9—R. 2940, DATED BANGALORE, 9TH MAY 1895.

ORDER THEREON.—The Government agree with the Inspector General of Forests in the opinion that the preparation and assortment of sandalwood in this Province for the outside market are susceptible of much improvement, and that a careful scrutiny into the matter by a competent Forest Officer will be attended with beneficial results.

2. A separate order has been issued in regard to more efficient and possibly less expensive measures being adopted for the collection of sandalwood from localities not hitherto exploited; and the Government consider there are sufficient reasons for the expectation that by carrying out these measures in their entirety, the sandalwood resources of the Government will be considerably developed without diminishing the capital value of the same.

3. The deputation of Mr. Muttappa on this work is accordingly sanctioned tentatively for one year from the 1st June 1895, subject to the submission of a detailed report as to the results achieved and the necessity for the continuation of the arrangement further. He will be directed to inspect each kothi and submit his suggestions for carrying out the various improvements urged by Mr. Ricketts, in consultation with Deputy Commissioners of Districts. They will not however be carried out until approved by the Government.

4. Whilst employed on the above special duty, Mr. Muttappa will draw an allowance of Rs. 50 per mensem in addition to his pay, and the Bangalore Kothi Mutsaddi Ramachandra Rao will be attached to him on a salary of Rs. 40 (Rs. 20 present salary plus Rs. 20 allowance) and the usual travelling allowance.

5. The proposed transfer of Mr. Assistant Conservator Bapu Rao to Hassan during Mr. Muttappa's deputation is approved.

Letter No. 2954-209, dated 16th March 1895, from the Inspector General of Forests :—

In supersession of my previous proposals contained in the communication noted on the *margin, and with reference to the last clause of para 1 of Government Proceedings No. 8961-70—R. 1339, dated 2nd December 1894, sanctioning the reorganization of the superior executive staff of the Forest Department, I have the honor to recommend that the following rates of batta and mileage to the Forest Officers of different grades may be fixed as hereunder and sanctioned with retrospective effect from the date of their promotion, *viz.*, 1st September 1894 :—

* No. 1893-151, dated 9th September 1892.

Daily Batta.	Mileage.	
Rs. 5 0 0	0 8 0	Deputy Conservators corresponding in salary and status to Executive Engineers.
Rs. 4 0 0	0 8 0	Assistant Conservators corresponding in salary and status to Assistant Engineers.

The Sub-Assistant Conservators draw at present Rs. 3, and 6 annas a mile, as fixed in appendix No. 2 of the Service Regulations, and which they may continue to draw till the rates for the Sub-Assistant Engineers are finally settled in the Public Works Department.

2. The above rates of travelling allowance to Executive and Assistant Engineers have been fixed and sanctioned in Government Order No. 11418—G. F. 39-93, dated 6th January 1894, (*Vide* also appendix No. 3). Copy of Mysore Deputy Commissioner's docket No. 91, dated 6th instant is enclosed.

Enclosure to No. 2954—209.

His No. 2570—210, of the 11th ultimo enquiring under what authority the District Forest Officer claimed Rs. 5 as batta per diem &c.

With reference to the above has the honor to state that the Forest Officer relies on the last sentence of para 1 of the Government Proceedings No. 8961-70—R. 1339, of 2nd December last, which lays down that the Deputy Conservator's appointment as regards salaries and status corresponds with that of Executive Engineers who are under the Travelling Allowance Code allowed batta and mileage at the above rates.

Letter No. 6043, dated 20th April 1895, from the Comptroller to the Government of Mysore.

In reply to your No. 16936—R. 2382, dated 8th instant, requesting me to intimate the rates of travelling allowance allowed to Forest Officers in the Madras Presidency, I have the honor to inform that in Madras there is no grade of Deputy Conservator of Forests. Conservators of Forests are allowed Rs. 7-8-0 per day, and 8 annas a mile, and Assistant Conservators Rs. 4 a day, and 8 annas a mile. As the Government have already decided in Government Proceedings No. 8961-70—R. 1339, dated 2nd December 1894, that the status of the Forest Officers should correspond with that of the Department of Public Works Officers, the rates proposed by the Inspector General of Forests, which are those allowed for Executive and Assistant Engineers, may be sanctioned.

No. 20683-92—R. 2941, DATED, BANGALORE, 9TH MAY 1895.

ORDER THEREON.—The Inspector General of Forests brings to the notice of the Government that although the Officers of the Forest Department have been placed since its reorganization, under the Government Order No. 8961-70—R. 1339, dated 2nd December 1894, on the same footing as those of the Department of Public Works, there is a disparity in the rates of batta and mileage drawn respectively by them, and recommends that the two rates may be equalized.

2. The Comptroller reports that in the Madras Presidency Assistant Conservators of Forests draw at the rates proposed by the Inspector General of Forests, and recommends that the latter's proposals may be approved.

3. Under the circumstances represented, the Government are pleased to rule that the following rates of batta and mileage should be allowed to the Officers of the Forest Department, with effect from the 1st Instant :—

	Daily Batta.	Mileage.
Deputy Conservators	Rs. 5 0 0	0 8 0
Assistant Conservators	4 0 0	0 8 0
Sub-Assistant Conservators	3 0 0	0 6 0

(1) Letter No. 3127—225, dated 28th March 1895, from the Inspector General of Forests in Mysore:—

I have the honor to forward copies of my docket No. 71, dated 21st April 1894, to the Deputy Commissioner, Shimoga, and his reply No. 1692—101 of the 26th ultimo, together with its enclosures in original, (to be kindly returned when no longer required), and to request that sanction of Government may be obtained for the free grant made by the Sagar Sub-Division Officer in anticipation of sanction of 58¾ cart loads of unreserved wood and 920 bamboos as per columns 20 and 21 of the manuscript statement of particulars of houses destroyed by fire to 23 raiyats of Kogod Majira of Nellur village, Sagar Taluk, to enable them to reconstruct their houses which were burnt on the 24th February 1894.

2. It will be observed that the original recommendation was for 97 cart loads of wood and 1,130 bamboos, but as shown in columns 20 and 21 of the revised statement only 58¾ cart loads of wood and 920 bamboos were cut and removed by the raiyats concerned.

(2) Docket No. 17493—R. 2500, dated the 16th April 1895, from the General Secretary to the Inspector General of Forests:—

His letter No. 3127—225, dated the 28th March 1895, submitting for sanction an application (herewith returned with enclosures) from the Deputy Commissioner of Shimoga for free grant of 58¾ cart loads of unreserved wood and 920 bamboos for rebuilding certain houses destroyed by fire.

It is requested that the Inspector General will be good enough to explain at what rates the value of the wood and bamboos supplied in anticipation of sanction to raiyats of Kogod Majira of Nellur village, Sagar Taluk, has been calculated in column 8 of the statement received with the above.

(3) Letter No. 3701—293, dated the 10th May 1895, from the Inspector General of Forests:—

In reply to your docket No. 17493—R. 2500, dated the 16th ultimo, I have the honor to state that the value of building materials which the raiyats were permitted to fell and remove, is calculated at the usual license rates prevailing in the Shimoga District, *viz.*, Rs. 5-8-0 per cart load of unreserved wood, and Rs. 2-8-0 per 100 kiribidarus or small bamboos.

2. In this connection I beg to invite the attention of Government to the late Chief Commissioner's Order No. 1870—R. F. 427, dated 3rd June 1875, by which the value to be fixed of the materials which a raiyat seeks to obtain free of cost from Government for building his house destroyed by fire, is left to the discretion of the Amildar of the Taluk concerned. This order has not been rescinded since and the practice obtaining in the several Districts is diversified. In view to maintain uniformity I would recommend that such value be calculated at the ordinary license rates for unreserved wood and bamboos fixed for each District.

3. The enclosures of your docket under reply are herewith returned.

No. 21392-400—R. 3079, DATED BANGALORE, 22ND MAY 1895.

ORDER THEREON.—The free grant of wood and bamboos in favor of the twenty-three raiyats of Kogod Majira, Nellur village, Sagar Taluk, is sanctioned.

2. The Government approve of the Inspector General's recommendation that the value of materials supplied to raiyats for rebuilding their houses destroyed by fire should be calculated at the ordinary license rates for unreserved wood and bamboos fixed for each District.

Proceedings of the Government of Mysore, Local Boards Branch, Local Funds, dated 1st May 1895.

READ :—

Letter No. 589, dated 8th April 1895, from the Deputy Commissioner of Kadur, reporting that in the sanitary measures adopted by him to arrest the spread of cholera at Ajjampur, he was guided by para 16 of the Rules for the Conservancy of Small Towns not governed by Municipal Regulations published at pages 153 and 154 of the Mysore Gazette, dated 26th May 1877.

No. 18827-60—L. F. 161-94, DATED BANGALORE, 1ST MAY 1895.

ORDER THEREON.—It is clear from the Deputy Commissioner's explanation that the measures taken by him to arrest the spread of cholera at Ajjampur were necessary, and have not caused any appreciable loss to the inhabitants. Their manure was not burnt to any considerable extent.

2. The Petitioners will be informed accordingly.

3. The Deputy Commissioner's action in the similar case of Chikmagalur during a late outbreak of cholera has already been approved of by the Government in order No. 15356—J. 928, dated 18th March 1895.

4. Although the Rules quoted by the Deputy Commissioner of Kadur are applicable to places other than Municipal towns or circles, the Government are of opinion that in cases of emergency, and pending the introduction of appropriate regulations for the guidance of Minor Municipalities other than those of Bangalore and Mysore, in which separate regulations are in force, the spirit of the said Rules may advantageously be followed in Kasaba towns and Minor Municipalities also by the Executive Officers, in enforcing the necessary sanitary precautions and otherwise securing the health of the people.

5. The attention of the Deputy Commissioners and other officers is drawn to the instructions on the subject laid down by the late Chief Commissioner in the marginally quoted orders. Moral persuasion and conciliatory measures ought to be resorted to generally in securing compliance with the sanitary requirements of the Rules.

No. 238—Gl. 7, dated 7th April 1877.
No. 3090—81, dated 27th June 1877.

V N. NARASIMMIYENGAR,
General Secretary.

To—The Deputy Commissioner, Kadur District.
The other Deputy Commissioners for guidance.
The Heads of Departments.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

Proceedings of the Government of Mysore.

READ :—

Letter dated 9th January 1895, No. 401, from the Deputy Commissioner of the Kadur District.

I have the honor to recommend the introduction of a Municipality into the village of Sakrepatna in the Kadur Taluk of this District.

2. This village was once the seat of a Pallegar and latterly the Head-quarters of a Taluk. It is now the Residence of a Shekdar, and the lands within its limits are irrigated by the large Iyenkere Tank, paying an annual kandayam of Rs. 13,800 to Government and occupying the first place in point of Revenue. This place is an intermediate station between Kadur and Chikmagalur and being well watered is greatly used as a halting place by travellers going to and from Chikmagalur. The population is 1,700 and there are 350 houses bearing a Mohatarfa of Rs. 220-8-0 as detailed in the margin.

	Rs.	a.	p.
Shop tax	145	0	0
Cart tax	32	0	0
House tax	37	8	0
Mill tax	6	0	0

3. On the introduction of the Municipality the house tax is estimated to rise to Rs. 700 and cart tax to Rs. 100 as then all the houses, &c., will be liable to be taxed and an additional item of revenue may be expected from collections of about Rs. 200 from the pound which now goes to the credit of the District Funds.

4. On inspection I found the village site far too large for its present requirements and owing to the fertility of the soil the majority of the site was overgrown with bushes and rank vegetation and which will take a large sum of money to eradicate or keep down and which would be impossible with the limited amount we can place at the disposal of this village from the District Funds. On my enquiring of the inhabitants why there were so many vacant sites they informed me that people were afraid to come and live there on account of the unhealthiness of the place and at the same time begged that a Municipality be introduced to mend matters. I am of opinion that this insanitary condition is due to three causes—

(1) The stagnant water in the fort ditch which has since been remedied by draining it off.

(2) The rank vegetation.

(3) The foul water-supply.

These can easily be remedied by a strict supervision and the expenditure of a certain amount of money which will be derived from the revenue of a Municipality.

5. Sakrepatna being such a general halting place between the Railway and Chikmagalur, the Head-quarters of the District, I cannot urge the necessity for its sanitation too strongly, as, in its present insanitary condition, epidemics, such as cholera and small-pox, are frequently introduced and fostered here and spread to other parts of the District.

6. I propose an xpenditure of Rs. 450 per annum to be spent on the conservancy establishment as shown in the margin and will employ the funds available after meeting the same in providing a good drainage to the place.

	Rs.	a.	p.
4 Sweepers at Rs. 6 each per mensem (7 months). ...	168	0	0
1 Cart at Rs. 16 ditto ...	192	0	0
1 Peon at Rs. 7 ditto ...	84	0	0
Contingencies	6	0	0
Total ...	450	0	0

7. After the sanction of the Government is conveyed, I shall begin to revise the taxation and will submit a Budget of receipts and expenditure, so that the scheme may be early introduced in the next month when the revenue khist begins.

No. 20583-7—245-92, DATED, BANGALORE, 16th MAY 1895.

ORDER THEREON.—Under the circumstances stated, the Government are pleased to sanction the formation of a Municipality at Sakrepatna. When it is established, the entire revenue from House and Mohatarfa taxes will be credited to the Municipal Funds thereof, *vide* Government order No. 11-20—L. F. 116-193, dated 12th April 1894.

2. The President is requested to submit Budget estimates of the Municipality for 1894-95 first and afterwards those for 1895-96 and to recommend the names of persons he would propose as members of the Municipal Board to be formed.

READ :—

Letter dated 1st May 1895, No. 233, from the President of the Municipalities in the Kadur District.

With reference to Government Proceedings No. 13469-80—L. F. 153-92, dated 9th February 1893, I have the honor to bring to notice that very often the members of the Municipal Boards, where there are no Public Works Officers whose head-quarters is the Municipal Town, experience great difficulty in not being able to obtain an expression of professional opinion with regard to works that may be proposed.

In Kadur, Tarikere and Koppa there are Sub-Division Public Works Officers whose head-quarters are at the taluk. Both in the Kadur and Tarikere taluks there are Municipalities not only at taluk head-quarters but also at Birur and Ajjampur respectively. At Koppa there is no Municipality, but there is one at Yedahalli within the Sub-Divisional range. I would under the circumstances recommend that the Public Works Sub-Divisional Officers of the Kadur, Tarikere and Koppa ranges may be constituted ex-officio members of the Municipalities of the Towns lying within their jurisdiction.

As Public Works Officers are constantly moving about it would be no inconvenience to them to attend the meetings as often as they may find it possible.

No. 20601-8—L. F. 153-92, DATED, BANGALORE, 16TH MAY 1895.

ORDER THEREON.—The above letter will be communicated to the Deputy Commissioners of other Districts with a request that they will favor the Government with their opinion on the proposal of the Deputy Commissioner of Kadur.

2. The Chief Engineer is also requested to state whether he has any objection to Public Works Department Officers at the taluk or other head-quarters being appointed as ex-officio members of the Municipalities within their respective ranges.

Proceedings, dated 29th March 1895, No. 15908-14—L. F. 153-94, sanctioning the Budget Estimates of the Bangalore City Municipality for 1895-96.

No. 21418-9—L. F. 153-94, DATED, BANGALORE, 28TH MAY 1895.

ORDER THEREON.—The provision made in the Budget Estimates for 1895-96 on account of establishments maintained for the collection of Octroi duty appears excessive, being nearly 17 per cent of the estimated income. The Government consider that steps should be taken to reduce the expenditure under this head as far as possible, especially as the revenues do not show a corresponding buoyancy.

2. ***VII Lighting.***—The President is requested to cause to be prepared a list of localities, including specially the crowded parts and narrow lanes, in which lighting is not sufficient and provide them with lamps gradually in the order of their urgency, as far as funds would permit.

3. The attention of the Municipal authorities is also drawn to the state of the roads in and around the City, which are far from satisfactory. The conservancy arrangements require closer attention and improved working, and the sides of many roads and open spaces are overgrown with fast increasing bushes of lantana, and patches of prickly pear, which if not cleared at once, will cost a large amount for removal in the near future.

184	20778 Pet. 1625	6	Dy.Comr.,Tumkur.	Appeal Suit No. 82 of 1894-95. *Appellants.* — 1 Valakappa and five others, by Mr. Evers, Advocate. *Vs.* *Respondents.* — Naga and three others. The Appellants sought to recover possession of the office of Patel of Guligarhalli, Sira Taluk, held by their ancestors prior to 1880. In the Court of the 1st instance the suit was dismissed as barred by limitation. The Deputy Commissioner also dismissed the appeal preferred to him for the reason that decision as to the possession of Patel office devolved on the Executive Branch. Held that the decisions of the two lower Courts were correct.

The Respondents subsequently

				failed to abide by their agreement and the Deputy Commissioner declined to help the Appellant in the matter on the score of delay in his application for the sums. Held that the delay on the part of the Appellant did not in the circumstances of the case affect the question and the Deputy Commissioner was directed to enforce his order dated 3rd August 1892, above referred to, and to have the sums due to Appellant recovered and paid to him.
186	20783 Pet. 1630	6	Dy. Comr., Mysore.	Appeal Suit No. 50 of 1894-95. *Appellant.* — *Respondent.* Kengegauda of Gidavinapatna, Nagamangala Taluk, by Mr. S. Ramaswami Iyer, Advocate. *Vs.* Doddegauda, by Mr. N. Subba Rao. The Appellant was doing the Pateli duties of Gidamavinapura till Pakka Potigi Settlement. During the Survey, this village was added to the neighbouring village of Bindanahalli whose Patel, the Respondent, became the Patel of the former village also. On the complaint of the Appellant, the Sub-Division Officer, French Rocks, appointed him the Police Patel of Gidavinapatna and allowed him the proportionate Potigi. On appeal to Deputy Commissioner, claiming the full Pateli, that officer held that G. O. No. 10267-75—R. 1055, dated 3rd January 1894, applied only to hereditary hakdars who lost their appointments and that the Appellant was only an officiator for some time, and dismissed the suit. Held that the order in question is applicable to the Appellant's case, and directed the Deputy Commissioner to restore him to the Pateli in question.
187	20777 Pet. 1624	8	Ditto, Kolar ...	Appeal Suit No. 68 of 1894-95. *Appellant.* — *Respondent.* Nanjegauda, by Mr. S. Ramaswami Iyer, Advocate. *Vs.* Nandegauda. The lower Court dismissed the suit as barred by limitation. Held that the decision of the lower Court was correct.

188	20790 / Pet. 1639	8	Dy. Comr., Kadur.	Appeal Suit No. 80 of 1893-94. *Appellant.* — Kariyappagauda of Karekoppa, Koppa Taluk. *Vs.* *Respondents.* — 1. Venkataramana. 2. Rangaiya, by Mr. C. Krishnamurti, Advocate. The Respondent's father was Patel of the villages of Handur and Belalkoppa, Yedahalli Sub-Taluk. On his dismissal in 1881, the Appellant was appointed to the post, but subsequently it was ordered that the office should be restored to Tammaiya's son Siddaiya after ten years. In Pakka Potigi Settlement of 1885-86 the Appellant was appointed to act for Siddaiya. The said Siddaiya having died without issue, the office was restored to his brothers, the Respondents, by the Deputy Commissioner in 1893. Held that the Deputy Commissioner's order was correct.
189	20792 / Pet. 1641	8	Ditto, Kadur ...	Appeal Petition No. 1917 of 1894-95. *Appellant.* — Kenke Dugganna and other inhabitants of Hirigadde, Koppa Taluk. *Vs.* *Respondent.* — Mr. Bolton. The Respondent applied for 94 acres and 7 guntas out of Survey No. 59 in Hirigadde for coffee cultivation. The Appellants opposed the application on the ground that their right to the free uninterrupted use of the stream flowing through the said Survey number would be interfered with. The portion applied for was sold to the Respondent on the condition that a margin of 20 yards should be left uncleaned on either side of the stream, that no cooly lines should be built close to it, nor any dam built across. Held that the Deputy Commissioner's action was correct.
190	21502 / Pet. F. 92-94	13	Ditto, Kolar ...	Appeal Suit No. 81 of 1893-94. *Appellant.* — Subbaya of Mudiyanur, Mulbagal Tk. *Vs.* *Respondent.* — Khadrappa. At the request of the Respondent's father Narasappa who was the Shanbhog of the village, the Appellant was appointed to act as Gumasta in 1872 during the minority of the Respondent. The Respondent having attained his majority in 1893 and applied to be registered as Shanbhog, the Deputy Commissioner ordered accordingly. The Appellant's contention that Narasappa was not the hakdar was not sustained.

191	22186 / Pet. 1742	29	Dy. Comr., Kolar.	Held that the Deputy Commissioner's order was correct. The appeal was dismissed. Appeal Petition No. 3154 of 1893-94. *Petitioner* .. Ramaiya of Yaluvahalli, Malur Taluk. The complaint referred to two points:—(1) that the tope maji No. 176 in the village was brought under "Kamme" and included in kharab during the Survey Settlement although it was the petitioner's property by inheritance (2) that he was fined Rs. 24 on account of the trees thereon cut by his father on the strength of the Deputy Commissioner's order of 1869 for rebuilding his house destroyed by fire. As regards the first point sufficient proof was not forthcoming as to when the tope came to existence, who planted the trees thereon, nor to establish the plea put forward by the petitioner. Held that with regard to the first point the Deputy Commissioner's decision that the land was a charitable tope owned by no one and was properly classed as kharab was correct, and with regard to the second point that it was unnecessary to punish the petitioner for an act which occured sixteen years ago, under Land Revenue Code of 1888 and that the fine imposed should be remitted.
192	22190 / Pet. F. 95-94	29	Ditto, Chitaldrug.	Appeal Suit No. 62 of 1894-95. *Appellants (Defts.)* *Respondent (Plaintiff)* 1. Nagappa. *Vs.* Hungaregauda. 2. Hanumantappa. This is an appeal against the decision of the Deputy Commissioner, Chitaldrug District, declaring the Respondent as one of the hakdars to the Pateli of Khandanahalli, Hiriyur Taluk. The Appellants contended that in the lower Court the Respondent's suit was barred by limitation and that he was in no way related to the original hakdar Eregauda. The Appellants failed to prove the first point and made no endeavour to show who Chikka Oblegauda whose name appears in more than one Pateli Register, was, while there was preponderance of evidence to show that the Respondent is a son of the said Chikka Oblegauda who is said to be a brother of Viregauda, the last officiator of his line of heirs. Held that the Deputy Commissioner's decision was correct and should be confirmed.
